IMMEDIATE PRESS RELEASE

THANK YOU FOR SIGNING THE TRIBUNAL BILL, COMRADE PRESIDENT

=====

Members of the United Cadres Front (UCF) congratulate H.E. President Mahama for signing into law the Tribunal Bill, which was passed by Parliament on July 16, 2026.

BY this bold act, the dream of well-meaning Ghanaians who wished the re-introduction of the Regional and District Tribunals to complement traditional courts and reduce case backlogs would have been achieved.

It is our belief that the Tribunals, handling specific offences including illegal mining (galamsey), tax and customs infractions, fraud, and financial losses incurred by the state, would go a long way in providing speedy trials, especially of ORAL cases.

We recall that the Tribunal system helped a lot in instilling discipline in the socio-economic sector of national endeavour during the PNDC era. Despite excesses, crimes of all kind were effectively dealt with.

It is our hope that all due procedures and processes, as laid down in the Act, would be followed as we embark on another journey of quickly dealing with anti-state elements without fear of favour, let or hindrance, affection or illwill.
